

## 体育祭

Our Sports Day is held in May every year. Students prepare Sports Day.

There are various programs that take place. All the girl students play "Mukade", and all the 2nd grade students play "Senakawatari". Each team practices hard to win a prize. There are 3 prizes; the march prize, the cheer prize, and the victory prize. Sports Day is very fun and helps us make memories.

## 合唱コンクール

Our chorus contest is held in October every year. It is one of the most interesting events at our

school. We can get three prizes. These prizes are for the most excellent, excellency, and the conductor award. We work hard to win a prize.

## 卒業式

At Josei Junior High School, our commencement ceremony is held in March every year. Our school's student council draws a picture on the blackboards of all the classes. The art club students draw a picture that hangs on the wall of the gym. The graduating students sing at the end of the ceremony.

## 学校キャラクター (ボラッセイ)

Our school has many club activities. We can learn a lot of things at club activities like punctuality and greetings. Sometimes activities are very difficult but always fun and interesting.

## 部活動

Our school has a character named Volusseï. Their name came from putting together the words "volunteer" and "Josei". Every Friday, students from our school volunteer in the community. Both students and teachers at our school love Volusseï.

## 職場体験

In July, we have a day for students to get experience at work. On this day, we build relationships with adults. Work experience helps us understand more about jobs. We enter society, we learn manners, and we do various jobs. It is useful experience for our future. Having job experience helps us grow. We are always thinking about our future.

## 入学式

An entrance ceremony takes place in April for new students. There are usually about a hundred students who gather in the gymnasium. We are nervous and excited. The entrance ceremony joins teachers, student council, and the junior high school brass band club. The music at this ceremony is very interesting.

## 修学旅行

When we become 2nd graders, we go on a school trip in October. We go to Hiroshima, Kyoto, and Osaka. In Kyoto, we learn about historical buildings. In Hiroshima, we learn about the atomic bomb. It is one of the most tragic happenings in Japan. Almost all students look forward to visiting Universal Studios Japan. We can make deep friendships during the school trip. These moments are sure to become life long memories.

## 生徒会活動

Our student council works all year round and runs a lot of events at our school. They help organize the entrance ceremony, graduation ceremony, and disaster preparedness day. They speak with the community to organize events and hold volunteer day every Friday. Student council works hard for our school.
