

Heiwa Syukai

We have “Heiwa Syukai” in Kahoku junior high school. It’s a good chance that we have to learn about peace. We usually see movies about peace or war. For example, “Satoukibi batake no uta” and “Kono sekai no katasumi de” They make us very sad.

We don’t cause the war. But, war is still continuing in some countries even now.

We must change this situation. We should know about that and think about that.
