

SCHOOL TRIP

We have a School Trip in May. It lasts for four days. When I went on a School Trip, I went to Kansai, I experienced three impressive places.

First, we went to Kyoto and visited many famous and popular places.

When we move, we used buses or taxis. It was an exciting experience.

Second, I went to USJ. It's one of the most popular amusement parks in Japan. It was really fun.

Third, I went to KAIYUKAN. It's one of the biggest aquariums in Japan. It has a lot of fish. It was amazing.

The place that we go is changed every year. I hope that you can enjoy School Trip in junior high school.
