

Ideas for 5Rs

Hello, everyone. We are 3rd graders of Kure Junior High School. We have just learned about 5Rs to save the earth. We have a lot of problems on the earth, for example, sea pollution, global warming and so on. Because we make a lot of trash and CO₂.

It's important for us to clean the earth. We know how to clean the earth. We must reuse glass bottles. We can make glass bottle ships. I don't want you to throw trash away. We want you to clean the earth. (S.R.)

It's important for us to save the earth. We know how to do it. We can do these Rs to save the earth. We can reduce plastic bags and use our own eco-bags. What cannot be used can be repaired. It can be used for a long time. We can buy recycled things. We return things that we can return. We want you to recycle.(I.S.)

We should reduce plastic bag trash. For that we must use eco-bags. Because that makes more CO₂. Also, we can reuse old clothes. If we reuse old clothes, we can use clothes without buying. We want you to reduce trash.(N.H.)

It's important for us to reuse. We can get old clothes by our family. It's important for us to recycle. We can change plastic into clothes. We must reduce trash. We can shop less. Everyone, please treat many things with care. (H.Y.)

We can do these Rs to save the earth. We must reuse shampoo bottles. I use refilling shampoo. We must refuse plastic bags. So we must bring eco-bags. We should recycle glass bottles. Also we must make new bottles. We want you to recycle trash. (T.K.)

We should repair the broken things, for example, my desk and chair. We must restrict resources such as wood, oil and paper because there aren't resources. It's important for us to reduce trash because we make too much trash. We must not throw them away as much as we can. I don't want everyone to buy useless things. We should reuse things we can reuse. We can make planter and lump from PET bottles. This is the recycle. We should have our eco-bags. (Y.S.)

I have three ideas.
First, we must reuse things. I want you to reuse old towels to make cleaning clothes and wear old clothes.
Second, we should recycle things. For example, aluminum can, pull tab and plastic bottle.
Third, we have to refuse plastic bags. I want you to use eco bags. We want you to try them, please. (Y.Y.)

I think it's important to repair. We must go to a repair café. If we go to the café, the clerk will repair our things, for example, TVs, bikes and phones. We want to go to repair café. So we can reduce trash. (H.S.)

I want you to save the earth. So I'll tell you my ideas. First, we must separate trash, for example, cans, plastics, burning garbage and non-combustible. Second, I think relax is very important. Because we must recycle but we do something we can do. So you should try these ideas to save the earth. (Y.H.)
