

Let us introduce our school!

## Kochi Prefectural Nakamura JHS

Hello, everyone ! I'm Mikaze. I'd like to introduce our school, Kenritsu Nakamura junior high school in Kochi.

Today I will introduce our school's good points ! First, our school is both junior high school and high school. So we can see "How is the high school life?" every day.

Second, our school teachers are very kind. They are also friendly. So we can talk with them not seriously.

Third, our school has a lot of clubs. Of course, our school has soccer club, baseball club, tennis club and so on.

Plus, we have calligraphy club, Kyudo club and comic club too. It is rare, isn't it ? I belong to Kyudo club. I'm enjoying my club with high school students after school every day. So I think our school "Ken-chu" is better than other schools. You should come to our school

"Ken-chu".

Hello, everyone. I'm Marumi. I will introduce my school. First, there are interesting teachers. They're friendly and they teach us kindly. So I'm sure you will enjoy the classes. Our vice principal, Mr. Hashida sings at the end of event. He has great voice. Second, there is a school cafeteria. And there are kinds, lunch box A or B. You can choose and all kinds are delicious. The kind of lunch box is changed day by day. Especially, I like "Misokatsu" of wednesday. Third, we have a big gym. So we're enjoying the P.E. class. Finally, there are unique friends. So I think you will be able to enjoy your school life.

Anyway, this school is very nice. So I wish you will come to this school.
